

Below you will find the name and contact information of every business currently helping Planned Parenthood Southeast build this new facility in Birmingham. You will also find the contact information for Mayor Woodfin and the Birmingham City Council.

---

***We are asking every citizen to send letters and emails to these businesses or city officials. You can also call them.***

***If you have time to contact everyone, please do! (And if they don't respond, just contact them again.)***

---

[Click here for a sample letter or email.](#) *Be respectful, stand firm.*

Ask these businesses to cut all ties with Planned Parenthood – a business that has only **injured our citizens** and **killed preborn children**.

Need talking points? Remember, over the years Planned Parenthood of Birmingham has been documented:

- Covering up statutory rape (2010).
- Knowingly performing an abortion on an empty uterus, resulting in a lawsuit (2012).
- Selling abortion drugs illegally in the parking lot (2014).
- Failing to notify ADPH of random closures (2014).
- Failing to ensure employees have not tested positive for Hep B or TB, and failing to properly sterilize medical instruments (2016).
- They also admitted just this month that they cannot attract a medical doctor to work for them.

Our city simply does not need Planned Parenthood, and no legitimate business should be contracting with them.

Let's not let a day go by without these businesses and city officials being reminded that **a new Planned Parenthood will destroy children.** And they don't have to be a part of that. Invite them, instead, to stand against that destruction and protect real, human lives.

As citizens who care about the life of children **and** their mothers, and who desire to see Birmingham become a safe place for pregnant women and preborn child, #WeSayNo to Planned Parenthood – and so can they!

***Here are the people you can contact (Scroll down):***
