

JUSTICE IS NOT
MERELY WORDS.
IT IS TO BE
TRANSLATED INTO
LIVING ACTS.

**12 WAYS TO START
SAVING LIVES**

WHAT CAN MY PARISH DO TO STAND FOR LIFE?

1. Choose a person in your church to head up pro-life activities and to represent your church in local pro-life outreach. He or she can also be a contact for CEC For Life to help your group join our national efforts.

2. Organize a pro-life church service, prayer service, or Eucharist at certain times throughout the year that focuses on the issue of abortion and how the church can respond.

3. Keep your intercessory prayer groups up to date on news and info that pertains to the sanctity of life.

4. Take your prayers to the sidewalk! Schedule a regular time to offer prayers on the sidewalk at your local clinic. CEC For Life created an easy-to-use service called The Liturgy for the Preborn at the Time of Death just for this purpose. Email for more info!

5. For pastors: Preach homilies that deal with the issue of life or mention the abortion issue in other homilies. Keep this injustice before your congregation for the sake of the preborn.

6. Write letters to the editor in your local newspapers that uphold the sanctity of life.

7. Use social media outlets to voice the pro-life message. There is plenty of great content from national pro-life organizations floating around the internet. Just hit the share button.

8. Find out what other pro-life groups already exist in your community. Unite with them to fight for the preborn. Meet with leaders of these groups, get to know them and brainstorm on ways everyone can work together.

9. Make sure the youth at your church are involved in pro-life activities. Create opportunities for them to stand for Life. CEC for Life sponsors youth events throughout the year, including those at the national March for Life. We can also help you organize a Memorial Die-In in your hometown (pictured above). Contact us for more info!

10. Bring in pro-life speakers to encourage the church to stand strong for the preborn. CEC For Life is always willing to visit your parish!

11. Support crisis pregnancy centers in your area with finances, prayer, and volunteers. These places are the front line for serving abortion-minded women and they are always in need of help. You can also sidewalk counsel at the local abortion clinic to offer those same women caring, real alternatives and direct them to the pregnancy center.

12. Make sure that you provide pro-life materials in your church bulletin or at an information table. Contact us for brochures, post cards, and daily prayers.
